TABLE 5. General Statistics by Geographic

	Geographic area and year	Establishments, number		All employees		Production, development, and exploration workers			Value added in mining ($1,000)
		Total[1]	With 20 or more employees	Number	Payroll ($1,000)	Number	Man-hours (1,000)	Wages ($1,000)	
1	DIVISIONS AND STATES—Continued								
2	Middle Atlantic[2]—Continued								
3	Incl. operations in manufactures—Con.								
4	New Jersey:								
5	1963	[3]							
6	1958								
7	1954								
8	1939[4]								
9	Pennsylvania:								
10	1963								
11	1958								
12	1954								
13	1939[4]								
14	East North Central:								
15	Mineral industries only:								
16	1963								
17	1958								
18	1954								
19	Including operations in manufactures:								
20	1963							7,001	
21	1958				24,935			5,814	18,105
22	1954				19,955			7,948	13,836
23	1939[4]				18,769			6,451	15,172
24	Ohio:				5,926			83,037	4,314
25	1963				278,862			109,16	224,68
26	1958				350,93			5	3
27	1954				8			157,58	285,37
28	1939[4]				411,95			1	8
29	Indiana:				4	3,195		296,59	351,20
30	1963	182	49	4,018	276,14	2,923		9	0
31	1958	150	44	3,859	6	3,543		101,80	245,27
